NEAL WANTS PARDON. ARRESTED FOR EMBEZZLEMENT

LATE JOHN W. MACKAY TRIED TO SAVE HIM FROM PRISON.

SAN FRANCISCO, November 14.—The President of the United States has been asked to pardon Lieutenant John Neal, an army officer now in San Quentin serving a sentence for embezzlement.

It became known today that such eminent military men as General Young and others of similar rank have joined to petition President Roosevelt for Neal's pardon.

It is the belief of those well informed in the matter that the President will grant the pardon.

In connection with the petition for Neal's pardon, there was just some light for the first time knowledge of John W. Mackay's connection with the army officer's case.

It was John Mackay's money that first saved Neal from the result of his act.

Neal was charged with embezzling about \$50,000 of army funds not his own.

That was two years ago, and Neal was a President lieutenant, in command of a company.

Neal's wife was a friend of the Mackays. The millionaire did not hesitate a second when he heard of the facts. Promptly he drew a check for twenty percent of Neal's indebtedness. Neal then became a free man.

Later the army accountants said to Neal:

"You've returned us \$400 too much." Neal knew he had not, but accepted the \$400. Later the accountants demanded back \$400, admitting their own error. Neal could not or did not return the money, and was indicted for embezzlement.

EASTERN WEATHER.

CHICAGO, November 14.—Temperatures at 7 a. m.—

New York 50; Boston 48; Philadelphia 52; Washington 41; Chicago 52; Minneapolis 54; Cincinnati 40; St. Louis 64.

PROMINENT YOUNG MAN WILL BE TAKEN BACK TO THE ORIENT.

SAN FRANCISCO, Nov. 14.—R. P. Moffitt, an expert accountant from Hongkong, was arrested on board the steamship Hongkong Maru this morning by Detective Free of this city, upon information received here by cablegram re-requesting his detention upon a charge of embezzlement until requisition papers can be executed and served. Moffitt, who sailed under the name of Murphy, was accompanied by his wife when the arrest was made and seemed to take the matter as a great surprise. At the City Prison he has refused to make the slightest explanation and has denied himself to all callers. The local police know nothing of the case beyond the fact that the Hongkong police are eager to lay hands upon the traveler.

The cablegram received here contains the information that Moffitt is wanted for embezzling \$2,000 but the message does not state in what way the prisoner is presumed to have made off with the cash.

The Moffitts left Hongkong on the steamship Gaelic and when they reached Honolulu, disembarked at that place, although they had through passage.

W. D. ENGLISH HAS A SLIGHT RELAPSE

William D. English, who was operated upon for appendicitis at the East Bay Sanitarium a few days ago, had a slight relapse last night. He was attended by Drs. E. H. Woolsey and D. D. Crowley. This afternoon the patient is a little better but he is still in a very serious condition.

A FIERCE BATTLE WITH FOUR ROBBERS.

City Marshal Is Shot and Burglar Has His Head Blown Off.

Three of Bandits Make Escape Under a Heavy Fire.

ELYRIA, Ohio, Nov. 14.—Marshal Henry Krohm was seriously shot, and an unknown burglar had his head blown off in a battle here early today. The shooting occurred during a fight with four robbers, who terrorized the town. The gang stole horses and rigs, entered several houses and shot recklessly in a wild charge down the main street.

J. E. Baird was awakened by burglars in his house. He saw two masked men standing on either side of his bed. Drawn revolvers were pointed at his head, but he jumped from bed and grappled with the intruders.

In the darkness they broke away and fled.

The burglars then entered the home of Town Marshal Krohm, who opened fire on them. When he had shot three times, one of the robbers, who had jumped into a buggy, got out and began blazing away at the marshal. At the third shot the latter fell with a bullet through his hip.

Baird, who had meantime arrived, picked up the officer's gun and continued firing. The robbers, however, drove rapidly away. Baird followed them to the home of W. J. Hillier of the Cleveland, Elyria and Western Railway. Even after Baird opened fire on the robbers they walked into the Hillier home after smashing in the door. The noise aroused Hillier and he reached for his gun, loaded with quail shot.

A burglar cautiously opened the door and Hillier blew his head off with the first discharge. The other robber turned and ran, but Hillier discharged the second barrel. The robber yelled and tottered, but did not fall. He ran into the street and disappeared.

A posse is pursuing the robbers. Marshal Krohm is seriously, perhaps fatally wounded.

The robber's linen is marked "Davis." He had in his pocket a mileage book, said at Oil City, Penn., to "Mr. Davis."

SNOOK WILL NOT BE SECRETARY

HE CANNOT AFFORD TO SACRIFICE HIS LARGE LAW PRACTICE.

Former District Attorney Charles E. Snook will not be private secretary to Governor Pardee. He does not want the office, and would not accept it if it were offered. He says this with much emphasis, and those acquainted with his affairs know that he speaks the truth.

Mr. Snook has a large and lucrative law practice that is rapidly growing, which pays him better and allows him more personal liberty than he could enjoy as a member of the Governor's political household. This practice he would have to give up, besides making other personal and pecuniary sacrifices, if he went to Sacramento as the Governor's private secretary. Mr. Snook's law practice is far more important to him than any political position within the gift of the Governor. While he is on the best of terms with the Governor-elect and desires the success of his administration, Mr. Snook has no thought of going to Sacramento with him.

When it was announced that Mr. Snook was slated for the place of private secretary, the news occasioned considerable surprise because it was apparent that the acceptance of such a position must greatly deter his professional career, which is exceedingly bright and prosperous. Although the salary of private secretary reaches the handsome figure of \$4,000 a year, Mr. Snook's professional income is even better and is growing. He has, besides, no inclination to tie himself down to a political job that would require his entire attention and compel the sacrifice of his fine law practice. A number of newspaper men and photographers reached here last night and tried every expedient to reach the camp, but their pleadings were in vain. The negroes on the plantation who know the trail had strict orders not to take any outsiders in and the orders were obeyed. Some of them want to make an effort without guides, but they were warned that if they did not get lost in the dense forest, they would be stopped by the guards along the trail. Several of them left in the hope of being able to penetrate the President's retreat from another direction.

FINE BUILDING FOR REALTY SYNDICATE

Magnificent Business Block and Theater to be Erected Adjoining Central Bank.

A magnificent new building of very large size will soon be erected on upper Broadway.

Indeed, the plans have been drawn and the contracts are now being let. Steel, stone and brick will be the materials used in the construction.

The new building will be by far the largest business structure in Oakland. It will have a frontage of 124 feet on Broadway and will extend 300 feet clear back to Franklin street, with an L 25 x 100.

It will be erected on the lot immediately north of the Central Bank, on the east side of Broadway. The height on the Franklin street side will be 35 feet. The building will contain five or six stories.

The Realty Syndicate is putting up the new building, the plans for which have been prepared by D. T. Oliver, the well-known architect.

In addition to stores and offices, it will contain a finely appointed modern theatre with a seating capacity of 3,000.

The stage will be 100 feet wide by 75 feet deep. The entire structure is to be completed by next June.

The theatre will be located on the Franklin street side, but the main entrance will be through a vestibule from Broadway.

It will be equipped with all the modern appurtenances and safeguards against fire and other accidents.

Work is to be commenced within the next thirty days.

The plans contemplate a restaurant and cafe in the building. No estimate of cost has been given out, but the plans indicate a costly and imposing structure.

CHAMPION JEFF TELLS OF HIS PLANS

Big Jim Jeffries slipped quietly into town on the Owl train yesterday and located himself comfortably at the Hotel Metropole for an indefinite stay. No one expected him for days to come and not even his manager, Billy Delaney, knew that the big fellow had left Los Angeles, until he wandered into Billy's wine room and wanted to talk business and future program.

Jeff looked rugged as a big bear not withstanding that he admitted having a pretty good time since his going with Fitzsimmons. According to Jeff the next time he and Fitz get together it will be in a more pacific line of business than formerly and for an equal division of the purse.

"I talked it over with Fitz in Los Angeles," said Jeff, "and we practically arranged to tour the country together. We will show in Los Angeles, and San Francisco and then go North and East."

When asked as to future contests Jeff turned to Billy Delaney and asked: "How about it, Billy?"

"Jeff feels as he always did," replied Delaney. "Eager to meet any white man in the world. They all look alike to him, for he has no preference. But I want to say one thing and that is this: Whoever he meets and fights, he will be the champion of the world, will do a bit of the dictating himself. There will be no more bandages and no more equal division of the purse. I think that takes place must be done in the open. When Jeff fights hereafter the purse will split 75 per cent and 25 per cent. If he cannot get a contest on these terms he will quietly retire from the game, the only undefeated champion who ever quit the ring. He will leave the champion behind him to be contested for by the remaining heavy weights who may aspire."

Both Jeff and Delaney had read the reports of their alleged break in business connection and both laughed over the report as they talked it over. "There has been a break," said Jeff. "Billy and I don't know it. I'm up here to get my order from him now."

Everything possible is being done to prevent intruders from interfering with the President's sport. One photographer, knowing that he could not secure a photograph of the President, induced a man who bore a slight resemblance to the President to pose on horseback in a cottonfield and went away measurably satisfied that the counterfeit would pass for the original.

There is a report here that Bob Bobo has agreed to bring his big bear of forty-five pounds, and that they will arrive during the day.

A messenger arrived from camp at 11 o'clock with the news that the President and his guides started at daybreak this morning and almost immediately struck the trail of three bears. The tracks were fresh and the guides felt certain that the President would kill a bear before he returned to camp tonight.

MEXICO CITY, Nov. 14.—Gen. Bernardo Reyes, minister of war, some time ago set on foot an examination into the authenticity of a letter, alleged to have been sent by Archduke Maximilian to Colonel Lopez of his own army, during the siege of Queretaro, in 1867, by the Republican forces. In this letter Maximilian earnestly charged Colonel Lopez to keep a certain secret which would be damaging to the writer's reputation. The secret was believed to be that Lopez surrendered the convent of La Cruz by order of Maximilian who was thus put in the light of betraying his followers to save his own life. The investigating committee completely cleared Maximilian from the gross imputation against his character. It is shown on the evidence of the military experts that the letter is an undoubted forgery and that Maximilian had no need to write to Lopez, who was at Queretaro at the time and had frequently interviewed Maximilian.

LOS ANGELES, Nov. 14.—The canvass of election returns of Los Angeles county is developing some very loose methods in the appointment of election officials. The latest discovery is the fact that a deaf mute served as one of the election clerks in precinct forty-three. In the returns from Pomona City the tally shows that precinct No. 7 is missing. The officers of the precinct have been summoned and unless the sheet is found the vote of the entire precinct will be thrown out. Officers of many other precincts have been summoned before the board to straighten out the tangles in their respective returns.

Judge Shaw, concerning whose election to the Superior bench there has been some doubt, now feels sure that he is elected by about a thousand votes.

MILLIONAIRE IS GUILTY OF A FELONY.

He Tried to Bribe Member of St. Louis Board of Health.

Sentenced to Serve Three Years in the Penitentiary.

COLUMBIA, Mo., Nov. 14.—Colonel Ed. Butler, millionaire and politician of St. Louis, on trial charged with attempting to bribe Dr. Chapman, of the St. Louis Board of Health, in order to influence his vote on the endorsement of a garbage contract with the city, has been found guilty by the jury, which assessed the punishment at three years in the penitentiary. The verdict found last night was announced today.

T. H. Hickman, foreman of the jury, says the verdict of guilty was reached on the first ballot, but it took three hours for the jury to agree upon the sentence. Some of the jury wanted to give Butler the limit. One man wanted to give him only a fine and jail sentence.

Colonel Butler, his wife, his two sons, Congressman James J. and Edward Jr., and their wives, were in the court room when the verdict was received.

A motion for a new trial was overruled.

When asked by Judge Hockaday if he had any reason to offer why sentence should not be passed on him, Edward Butler said:

"I have nothing to say, your Honor, further than that I am not guilty of the charge preferred against me."

"The jury has passed on that question, Mr. Butler," was Judge Hockaday's reply. "In accordance with the verdict, I sentence you to imprisonment in the State penitentiary for a term of three years."

The filing of an appeal to the State Supreme Court followed. Judge Hockaday fixed Butler's bond at \$10,000, which was signified by prominent citizens of Columbia.

MITCHELLS' PLEA FOR THE MINERS.

OPENS THE CASE FOR THE STRIKERS BEFORE THE COMMISSION APPOINTED BY THE PRESIDENT.

SCRANTON, Pa., Nov. 14.—The commission appointed by President Roosevelt to arbitrate the differences existing between the anthracite mine workers and their employers today began the hearing of the miners' side of the case. After the workmen have filed their case, the operators will commence their defense. It is reported that more than two weeks will be taken up in hearing both sides.

The hearings are being held in the chamber of the State Superior Court. President Mitchell's principal advisors were Clarence S. Darrow of Chicago; James H. Lenahan of Wilkesbarre and John L. Murphy of Scranton.

CASE OPENED.

The proceedings opened shortly after 10 o'clock, when Judge Gray announced that the commission would hear the reports of the miners first. Mr. Mitchell said he would file a further statement on Monday in answer to some of the allegations of the operators. John L. Lenahan of Wilkesbarre, on behalf of the non-union men, inquired of the commission what course the proceedings would take with respect to them. Judge Gray answered that that was a question which would have to be considered.

Mr. Wolverson asked the other side to give the operators at least one day's notice indicating the collection from which employees will be called as witnesses, so that the mine owners can be prepared to examine them. Mr. Darrow, for the miners, agreed to the suggestion. President Mitchell then rose and addressed the commission. His statement contained six thousand words.

MITCHELL'S STATEMENT.

Mr. Mitchell prefaced his statement with the hope that the commission "would succeed in establishing a relationship between the operators and miners that will insure peace and stability in the industry for an indefinite period." After reciting the demands for increased pay for the miner, a shorter work day for the laborer, the weighing of coal and an industrial agreement, the refusal of all of which led to the strike, Mr. Mitchell spoke as follows on the question of higher wages:

"Of the 147,000 men and boys employed in and around the mines, strip-pings, washeries and breakers in the anthracite coal fields, 64,672, or 43 per cent, are employed on contract piece work; the remaining 83,000 or 57 per cent, are employed by the hour, day, week or month. Of the 64,672 contract men, 37,304 are miners and 26,298 are miners' laborers."

WORK OF THE MINERS.

"The work of a miner and a miner's laborer is fully hazardous. It is more dangerous than employment in any other important industry in the world. The number of persons killed and injured is greater than in any other industry. Each day the anthracite coal mines are in operation two and six-tenths persons lose their lives and three times as many are maimed, and yet these men receive less wages annually than are received by their performing precisely similar work in other fields, under favorable and less hazardous circumstances. The number of years a man can retain his health and strength in this occupation is limited. If he escapes death or injury by falls of rock or coal, he cannot escape attacks of miners' asthma. There is scarcely a mine worker who has not contracted this malady. The mine workers are compelled to work in powder smoke, in foul air, many of them in water, and their work is difficult. Reputable insurance companies will not issue policies to this class of workmen, the risks are so great that the premiums would be prohibitive to the mine owners as a rule. The entire 20 per cent which they demand as an increase in their wages would not suffice to carry an insurance of \$1,000. It would cost more to insure them than it would cost to insure a class of workmen who are paid to skilled artisans in other industries. It is certainly not unjust to ask that these miners should receive as high wages as are paid to miners in the bituminous coal fields, in the silver and gold mines, or in the iron ore and copper mines, in all of which work is less arduous, freer from liability to disease, more healthful and less skill, and is better paid than labor in the anthracite coal fields."

Mr. Mitchell then took up the fourth demand of the miners for a trade agreement with the necessary machinery for the adjustment of local grievances. He outlined this story and policy of the United Mine Workers of America, and explained that by its constitution the union must be obtained, but the president of the national organization has no authority to inaugurate a strike. Thus coal mine operators are afforded a greater measure of protection against strikes than they would have under a separate and independent organization."

"At the present time the United Mine Workers of America have contracts with the operators of fourteen States and districts, fixing the amount the miners shall receive per ton, the amount the various classes of labor shall receive per day, the number of hours which shall constitute a day's work, and the machinery for the adjustment of local grievances by joint conference with mine owners. These are mutual contracts which are advantageous to both mine workers and mine owners, and protect against the effects of strikes or lockouts."

"The report of the United States Government on strikes in the mining industry show that the number and duration of strikes has been materially reduced by the joint conference system of joint conference and mutual agreement has been introduced."

"Where the United Mine Workers of America have been introduced."

CLAIMS HE WAS ROBBED.

ALAMEDA MAN PLIED WITH LIQUOR AND RELIEVED OF CASH.

ALAMEDA, Nov. 14.—Andrew Melow, a Frenchman, was here arrested last night by Officer Welsh, and is being held on suspicion by the local authorities. This morning Henry Broderick complained at the police station that Melow had taken \$5.00 from him while the two were carousing at a saloon near the Park-street bridge last night. Broderick says he met the man on the bridge and that the fellow asked him to go to the saloon and have a drink. Broderick acknowledges that he became intoxicated and when he came to his senses he was lying in the mud and his money gone. He is of the opinion that Melow is a crook, who got him drunk and then robbed him. The police will investigate the case and while doing so Melow will be held.

ALAMEDA MAN HAS HIS EYE REMOVED

ALAMEDA, Nov. 14.—A Victor, the well-known wood and coal dealer of this city, underwent the delicate operation Wednesday of having his right eye removed. Last Fourth of July night Mr. Victor witnessed a display of fireworks. Upon awakening the following morning, he was unable to see with his right eye. An examination disclosed a clot of blood. Since then he has suffered a great deal from the eye and it was finally found necessary to remove it. The operation was performed by Dr. K. H. Brown of San Francisco. It is feared that the trouble may affect his other eye.

ADELPHIAN CLUB WILL MOVE QUARTERS.

ALAMEDA, November 14.—For some time past the Adelpian Club has been considering the improvement of the club home. Long ago the two small rooms in which the institution started were outgrown, and now with its membership and lively activities the present quarters in the Tucker block have become quite inadequate.

At a special meeting held last Tuesday afternoon the situation was discussed fully and freely. The ladies' committee, which is in charge of the club, decided to move to a new location. The new quarters are in the Tucker block, and are much larger and more comfortable than the old ones.

Two of these were nearly equal in their attractiveness, and to make a choice was embarrassing, but the Adelpian Club is rather conservative and reluctant to decide upon impulse, so, after remarks from nearly all present, a vote was called for and resulted in a decision to remain in the present quarters.

In order to render this possible the landlady has consented to make many and extensive alterations for the comfort of the club.

The space for section rooms will be considerably enlarged. This will be one of the improvements. The seating capacity of the auditorium will be increased to a considerable extent. The lighting and the ventilation will be improved, and the whole apartment occupied by the club will be thoroughly renovated, repapered and painted. So complete will be the transformation that it is expected that the Adelpians who visit the place two months hence will wonder if they are really within the old-time precincts of Tucker Hall.

WILL GIVE LARGE DONATION PARTY.

ALAMEDA, November 14.—A donation social will be given the evening of November 21st, at the First Presbyterian Church, by the Young People's Society. The young folks request their friends to attend the affair, insuring them of a good time. And they want them to bring something to donate. Not only this, but they desire that they bring something with them that can be donated to make up a good Thanksgiving dinner for the poor of Alameda. There are not many of them, to be sure, but the unfortunate are here and will be well treated if the young folks are assisted in carrying out their commendable project.

The missionary committee of the Union will arrange the donations, and will give personal attention to seeing that they are distributed where they will do the most good, and that they will not fall into the hands of any but the worthy and the deserving. It is impossible for those who would like to make donations to attend the social, or if their gifts, of whatever nature they may be, are too heavy a load to carry, the donation may consist of any of the following, and wagons will be sent for their articles: Ira Sanford, Bay Station; Bannan's Market, 2322 Alameda; A. J. Minford's Grocery, 1346 Park Street.

MUSIC SECTION WILL ENTERTAIN.

ALAMEDA, November 14.—On Tuesday, November 18th, the music section of the Adelpian Club will render the following interesting program: A Talk on Singing, E. D. Crandall with illustrations and songs by pupils of Mr. Crandall; song, selected, Miss Florence Ryder; "Smiles and Frowns," Mildred Hill, Miss May Pauline Grant; "Babyton," Watson, Miss Eugenia Eubank; spring song, McKenzie, Miss Minnie Smith.

CARITA CHAPTER HAS ITS ANNUAL ELECTION.

ALAMEDA, Nov. 14.—Carita Chapter, No. 115, O. E. S., held its annual election of officers last night at a meeting in Masonic Temple. Mrs. George Clark, the worthy matron, and B. F. McFarland, worthy patron, will retire at the close of the year. Mrs. Weber, who was recently chosen associate matron, was elected worthy matron for the ensuing term.

The officers elected were: Worthy patron, E. K. Taylor; associate matron, Mrs. Holt; secretary, Miss Newman; treasurer, Mrs. Strong; conductress, Mrs. Sheeran; associate conductress, Mrs. McQueen. The officers of the star will be appointed by the new matron. A public installation of officers will be held on the third Wednesday in December.

On next Wednesday evening the chapter will give a reception in Masonic Temple to its members and friends.

THEY WILL PLAY BIG GAME OF FOOTBALL.

Something Really New

"The very newest idea in correct tailoring" is a white silk cording around the opening of the vest. It gives the complete effect of a white under-vest."
—New York Fashion Magazine.

In our display windows you will see some vests finished with fancy white silk cord and the effect is stunning. You can find this height of style nowhere else in town.

Like all other real novelties, it appears first at Cohn's.

As soon as this innovation was accepted by leaders of style we secured a stock of this novelty silk edging, had it expressed to us and it can be found nowhere else.

Our tailoring receives the entire attention of the two most popular and experienced cutters on the coast—Mr. Chas. Baer and Mr. Gus Cohn. These two names are a guarantee for all that is correct in good tailoring.

Just now there are hundreds of Novelty Winter Fabrics to choose from.

We make a perfect suit for \$25.00 that is a wonder.

WM. WILSON MAY PLEAD GUILTY

ROBBER CAUGHT RED-HANDED BY POLICE BEFORE JUDGE SMITH.

William Wilson, alias Nevin, alias Olsh, came up before Judge Smith this morning to answer to the charge of robbery. His examination was set for 9 o'clock tomorrow morning. It was Wilson who a few nights ago knocked down aged John Conrad and robbed him of \$30. Wilson has been followed by the police and they caught him red handed.

When he came up this morning he said he did not have any attorney, and did not care where he was examined. William Smith who was with Wilson when he started out with Conrad, was given three days for drunkenness, there being no complaint against him on the felony charge. It is understood Wilson will plead guilty in the Superior Court.

DISTURBED HIS MOTHER.

William Currey, a young laborer of Berkeley, was brought to the County Jail this morning on a charge of having disturbed the peace of his aged mother.

HOW PRINCE WON THE ELECTION

CUPID WILL REPRESENT HAWAII IN THE HALLS OF CONGRESS.

(Correspondence of the Associated Press.)

HONOLULU, Nov. 8, (via San Francisco) Nov. 14.—Complete election returns show that Prince Cupid, the Republican candidate, has beaten Delegate Wilcox for Congress by 1,620. The Prince carried all the districts. The Republicans have twenty representatives out of thirty and nine Senators out of fifteen. This is a complete reversal of the last election results, which elected Wilcox by 300 majority, with over two-thirds Home Rule majority in the House and nine Home Rulers in the Senate.

The new Legislature contains a large majority of natives like the last. The result is generally attributed to dissatisfaction with the last Legislature and opposition to Delegate Wilcox's plan to make the leper settlement a Federal settlement for all American lepers.

The claim of the Marcus Island Gunano Company of a title to Marcus Island has been sent to Washington. It has been placed in the hands of Ex-Senator John M. Thurston, who will present the matter to the State Department as counsel for the company.

With the close of the session the American Board of Foreign Missions will withdraw all financial aid from the religious work of the Hawaiian Islands, after eighty-three years of continuous support. The islands being no longer within the scope of the work of the Board of Missions.

GAZY MAN FOOLS MANY CALIFORNIANS

POUGHKEEPSIE, N. Y., Nov. 14.—Letters addressed to "Miss May Gayner" during the past few days, have been placed in the hands of Post-office in this city from all parts of the country for several weeks. As nobody called for them the letters were advertised in the Poughkeepsie papers.

In the Hudson River State Hospital is an incurable patient who has been in custody for twelve years. He saw the advertisements and said May Gayner was his sister and that he was waiting for her to arrive. He said, "Dr. London sent for the letters and had them opened. They proved to be love missives written by men in many different towns in California, all begging to have 'May Gayner's' photograph, and to become better acquainted with the beautiful girl."

A paper published in Oakland, Cal., printed the following advertisement: "Poughkeepsie, N. Y.—I am a graduate of Vassar College, aged 20, 5 feet 4 inches, dark brown hair and pleasant expression. I am in earnest and will answer all letters and exchange photos." The crazy man laughed heartily when the doctors read this advertisement. He admitted that he sent the advertisement to the paper.

CHRIST LADIES WILL GIVE A BAZAAR.

ALAMEDA, Nov. 14.—A bazaar is to be held at Etnical Hall, Bay station, Thursday afternoon and evening, November 20th, by the ladies of Christ Lutheran Church, W. Brandes, pastor. Lunch will be served from 12 noon to 10 p. m.

Useful and ornamental articles will be disposed and raffled off. The Gesang Verein Fidelity will sing in the evening and the following program will be given: Pious solo, Marianna Cattemore; vocal solo, Mrs. Lercher; violin solo, Henry Schumacher. The Wilcox Piano Company of Oakland will furnish a Chase & Baker piano player.

WORK FOR GOOD ROADS.

ST. LOUIS, Nov. 14.—It is announced that the next annual meeting of the Good Roads Association will be held in St. Louis, April 26th to 30th, 1903. It is expected that between 5,000 and 10,000 delegates will be in attendance, with delegates from at least fifteen foreign countries.

NATIONAL BANK FAILS

CENTRAL BANK OF BOSTON CLOSING ITS DOORS TODAY.

BOSTON, Nov. 14.—The Central National Bank of this city did not open for business today, the Comptroller of the Currency having ordered Bank Examiner W. A. Neal to close its doors and take charge of its business as temporary receiver.

The closing of the bank is said to be due to excess of loans and a lack of assets. An appeal for aid was made to the Boston Clearing House Association but the committee did not deem it advisable to assist the bank. The bank is among the smaller institutions of the city. It was organized in 1873 with a capital of \$300,000. Its deposits aggregate \$2,700,000 and it is believed that this amount can be paid in full without an assessment upon the stockholders. Otis H. Luke is president and James Adams Brown cashier. The Central Bank never fully recovered from a blow it received twenty years ago, when, with the Pacific Bank,

which failed at that time, it was involved in the collapse of the Lebanon Springs Railroad. The Central Bank then lost \$350,000 and an assessment of about 100 percent was made on the stockholders and no dividend was paid for thirteen years. A meeting of the stockholders had been called for December 10th to approve a plan for the Elit National Bank to take over the business. Upon investigation, however, President Burroughs of the Elit Bank, and his board of directors refused to accept the assets of the Central Bank as security for any guarantee of the \$2,700,000 deposits.

A STATEMENT.

WASHINGTON, Nov. 14.—A statement concerning the closing of the Central National Bank of Boston, issued at the Comptroller of the Currency office today, recites that the bank was examined September 11th last and while the examiners' report showed losses equivalent to surplus and undivided profits than on hand, there was no evidence of insolvency.

FEDERATION WORK IN NEW ORLEANS

NEW ORLEANS, La., Nov. 14.—The earlier part of the morning session of the Federation of Labor was occupied by reports of the committee on credentials and rules. In the report of the executive committee, read yesterday by Vice President Duncan, allusion was made to a circular issued by the Milwaukee Trades Council advocating a federation composed of city central bodies. This move, the committee declared would result in the establishment of a body antagonistic to the American Federation of Labor. To this view Victor L. erger, delegate of the Milwaukee Federated Trades, objected strongly today, declaring that there was no thought of antagonism to the Federation of Labor, but rather the purpose of formulating a program having for its object a platform embodying municipal socialism. Many resolutions were presented. Delegate Berger of Milwaukee introduced a resolution from the Wisconsin Federation of Labor calling for the recognition of the principles of international socialism. The committee on credentials recommended the protest against the seating of Delegate Cole of the Sheet Metal Workers. After a long debate the matter was referred back to the credentials committee. The convention then took a recess until 2 o'clock. It was announced that the session this afternoon would only be for introduction of resolutions.

A SOUTHERN BELLE.

A beautiful Georgia Girl, Vice-President of the East End Palmetto Club, of Savannah, and prominent socially there, relates the following experience:

You certainly have produced the finest medicine for suffering women that there is to be had in the country. I want to recommend it especially to mothers. I was seventeen years old when my darling boy was born. Felt very exhausted and weak for a long time, and it seemed I could not get my strength back. My sister-in-law bought me a bottle of Dr. Pierce's Favorite Prescription (after I had tried several of the other remedies which

are so much advertised, and found no relief). I had little faith in the medicine at the time and was so weak and sick that I felt discouraged, but within a week after I had commenced taking your "Prescription" I was like a different woman. New life and vitality seemed to come with each succeeding day, until, in a few weeks, I was in fine health, and a happy, hearty woman. My boy is now two years old, and, thanks to your splendid medicine, I am enjoying perfect health. If at any time I feel tired or in need of a tonic, a few doses of your "Favorite Prescription" recuperates me at once. My address is No. 511 Jones Street, East, Savannah, Ga.

Mrs. SUSIE WILLIAMS.

There is No Beauty Like the Beauty of Health.

Nothing encourages beauty of face and form so much as a healthy body. Very much depends on the condition of the organs peculiar to women. These should perform their functions regularly and be free from those weakening influences so often connected with life in the city.

Dr. R. V. Pierce, after making a specialty of woman's diseases, finally found a prescription, whose ingredients were entirely of vegetable origin, which had a marvelous effect on

the organs peculiar to women. He found it also had a good tonic effect on the whole system; this he used in his private practice with such favorable results that he finally decided to put it up in "patent medicine" form some thirty-five years ago, and since that time it has enjoyed the largest sale of any medicine put up for women only. It is entirely vegetable, and Dr. Pierce gives his absolute guarantee that it contains no alcohol, opium or other harmful narcotics. The trouble with many tonics put up for the public is that they depend upon alcohol for their stimulating effect; this is something Dr. Pierce has always felt was bad practice, harmful and a poor business policy, if not absolutely wrong.

The Sisters of the Good Shepherd, at their convent, "Our Lady of the Woods," Carthage, O., use a great deal of Dr. Pierce's medicines; they say, in a recent letter to Dr. Pierce: "We beg to assure you of the great benefit these medicines give our ailing ones. We cannot sufficiently recommend their excellence."

"Favorite Prescription" cures the womanly diseases which undermine the general health, which make the eyes and cheeks hollow and the body thin. Weak and sick women are invited to consult Dr. Pierce, by letter, in strict confidence. Address Dr. R. V. PIERCE, Buffalo, N. Y.

YOU CAN get a copy of Doctor Pierce's Common Sense Medical Adviser, 1008 pages, FREE, by sending stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

MITCHELL'S FINAL PLEA.

SCRANTON, Nov. 14.—President Mitchell said before the commission:

"Recognition of the union does not mean dictation or interference by men not employed by the companies; it simply means that officers selected by the mine workers shall exercise supervision over the organization or shall counsel with the mine workers as to how their trade affairs shall be conducted. The miners have as much right to select spokesmen to act for them, to present their grievances, to manage their affairs as have the stockholders or any one of the anthracite coal companies to elect their officers to perform like functions."

"For the information of the commission, we herewith outline more specifically a plan of procedure which, if adopted, would prevent local strikes and preserve peace and harmony during the time covered by the award which you are empowered to make."

"First, the rate of wages, the hours of labor, the method of weighing and paying for the produce of the mines; work should be incorporated in an agreement between the representatives of the various companies and the representatives of the organization of which the complainants in this case are members."

"Second—There should be a committee of conservative representative mine workers selected by the employees at each colliery; it should be the duty of this committee to co-operate with the

mine foremen in the adjustment of local disputes which cannot be settled between the mine foremen and mine workers."

"Third—Should the mine foreman and the committee fail to adjust the grievance complained of, the matter in dispute should be referred to the company superintendent and a general grievance committee, which should be constituted of representative mine workers from each colliery operated by any one company. Should they fail to adjust it, it should be referred to the general manager of the company and the district president of the miners organization and should they fail to adjust it they should call on the services of some disinterested person, whose decision should be final."

AFTER MRS. TINGLEY.

SAN FRANCISCO, Nov. 14.—The fight to prevent Mrs. Catherine Tingley from importing Cuban children for her Point Loma institution is to be transferred from New York to this city.

M. J. White, secretary of the California Society for the Prevention of Cruelty to Children, said today that telegraphic advices from New York relating to the status of the Cuban children there and those now in Mrs. Tingley's charge at Point Loma, had been received by him.

Frank Smith, who was caught by Special Policeman Ford in the act of committing a burglary at Ruddy's Hotel, was sent to San Quentin Prison by Judge Melvin this afternoon. Smith pleaded guilty to burglary in the first degree.

At the time of his arrest Smith was in the entry of the hotel and he had on several suits of clothing belonging to the proprietor.

Mrs. E. J. Perkins was found guilty of contempt of court by Judge Smith today and sent to jail for a short time. Now she is keeping quiet in court.

RUNAWAY DASHES DOWN BROADWAY

A delivery team belonging to the W. M. Watson Company, liquor dealers, became frightened at a bit of flying paper in the vicinity of Eleventh and Broadway about noon today and became unmanageable. The driver, Jack Borge, lost control of the animals and they dashed madly down Broadway to Seventh street. In endeavoring to stop the horses, the bit in the mouth of one broke and, seeing that he had no means of stopping the animals the driver jumped for his life.

The horses ran but a short distance south of Seventh street when one of them slipped and fell, enabling bystanders to rush out and catch hold of them. Beyond a slight cut on the leg of the horse that fell, neither animal was injured. The driver escaped unhurt. A pet dog that rides around in the wagon kept on the seat during the course of the runaway.

GIVEN HIS FREEDOM.

Frank P. Mendoza, who was accused of stealing a cow from Borghi & Tombetta of Washington township, was discharged on habeas corpus proceedings this afternoon.

Mendoza was held to answer for grand larceny and Judge Melvin found that the evidence against him was insufficient. The cow was found on his premises, but there was nothing to show how she got there.

DEATH OF MRS. SMITH.

ELKS PREPARE WIFE MAKES MANY CHARGES.

ARRANGEMENTS ARE COMPLETED FOR LAYING THE CORNER STONE.

The program for the laying of the cornerstone at the new hall of the Elks on Fourteenth Street, which will be held at 2 o'clock Sunday afternoon has been completed.

The services will be conducted by Exalted Ruler Lukens of the local lodge, assisted by the officers of the lodge and Thomas E. Dunn, district deputy of the Northern District of California. The ceremonies will be according to the ritual of the order.

The Reverend William Carson Shaw of the Church of the Advent will act as chaplain, and the orators will be Judge John P. Commins, San Francisco, and Judge Henry Melvin of Oakland. The music will be furnished by the Temple Quartet, under the direction of Alfred Wilkie, with H. O. Hunt as organist.

MRS. COMMINS CAN VISIT HER CHILDREN

Mrs. Anna Commins, whose damaging admissions on the witness stand caused Judge Ogden to grant her husband, John P. Commins, a divorce, was again in court this morning in an effort to have the decree of divorce modified so that she might visit her children. She was successful.

The woman was represented by Attorney Hugh S. Aldrich, whose motion to modify the decree was contested by Attorney J. A. Johnson, representing the husband.

"I shall grant the motion because I feel that the mother has the right to visit the children," said Judge Ogden. "She should have that right at reasonable times, at any rate. I should say that she might visit the children at Mr. Commins' home and he could select some suitable person to be present at the time. She may have the privilege of seeing them at least once a week, say between the hours of 12 o'clock and 2 p. m. on Sundays."

"It may be that the sight of her little ones may restore Mrs. Commins to her old time self and assist her to live a better life."

The order was then made that she might visit them for two hours this afternoon, as it was stated that she wished to go to Montana tomorrow to visit relatives.

FIVE YEARS FOR EDWARD R. CLAYTON

Edward R. Clayton, convicted of forgery, was denied a new trial by Judge Melvin this morning and sentenced to serve five years in the State Prison at San Quentin.

Clayton forged the name of George P. Hiller to a note for \$950 upon which he secured funds from Jeannette Putzer. When the new trial was denied this morning Attorney W. H. O'Brien made a plea for leniency on the ground of the prisoner's previous good character.

Clayton also asked for leniency, stating that he had never before been in trouble and that he was sorely in need of funds when the act was committed.

"There is another reason for leniency," said Clayton in a subdued voice. "I have a wife and I am her only support."

"You should have thought of your wife before," said Judge Melvin. "Still, I shall be lenient because of your previous good character."

Sentence was then imposed and Clayton, who is a middle-aged man, went as he was being led from the court room.

HE WILL CONTEST COGGINS' ELECTION

REDDING, Cal., Nov. 14.—J. A. Hubbard, Democrat, will contest the election of Clifford Coggins, Republican, for the State Senator in the Second district. The contest will be based on the fact that Coggins was elected by eighteen votes, Hubbard says he can overcome Coggins' lead by a recount of two precincts in this county.

MR. AND MRS. SMITH HAVE RETURNED FROM EAST.

Mr. and Mrs. F. M. Smith returned home from the East last night.

ROBBERS AT WORK.

LOS ANGELES, Nov. 14.—Three men held up and robbed Julius Diedrich at an early hour today on Grand avenue, between Sixth and Seventh streets. Diedrich was on his way home when a man stepped from behind a hedge and commanded him to throw up his hands. At the same time presenting a revolver. At the same time two other men stepped from the bushes and went through his clothes, taking a watch and a few dollars in silver. When they had finished the highway robbery they decided to move on and say nothing. He returned to the police station and officers were sent to the place but no trace of the men was found.

SUCCESSFUL BENEFIT.

SAYS THAT HENRY P. FULTON WAS GUILTY OF BRUTAL CONDUCT.

Weary of life with a man who she claims beat and otherwise abused her, Mrs. Ethel Lavenia Fulton today, through her attorney Neil McConaghy, brought suit for divorce from Henry Parker Fulton on the ground of extreme cruelty. She asks that she be paid suitable alimony, and that she be allowed to resume her maiden name of Ethel E. Woodworth.

The Fultons were married in San Joaquin County September 5, 1897, and have no children. The wife says that less than a year after their marriage, when they were living at Yuba City, Sutter County, her husband came home intoxicated and, becoming enraged, struck her. After that it was a frequent thing, she declares, for him to strike her with his fists, and other things, and once he hit her over the head with a poker. It was a favorite pastime of his, she claims, to "bang and thrash things about" to her annoyance and suffering.

At a Fourth of July celebration at Yuba City, according to Mrs. Fulton, she accompanied her husband to a dance. While he was at a neighboring saloon partaking of the cup that cheers, she danced with "a certain gentleman" to whom he objected, and when he returned there was a "rough house." They carried their quarrel home and he finally showed his disapproval of her conduct by throwing her bodily out of the house.

OFFICERS WITNESSED THE GREAT VOLCANO

SAN DIEGO, Nov. 14.—The United States steamer Ranger arrived in port this morning from Panama, which place she left on October 25th, after being relieved by the Wisconsin. On her way up she stopped for a few hours at Acapulco. She stopped at San Diego for the purpose of securing some surveying instruments which she left here last June. She will leave here probably next Tuesday for Mare Island. Captain Field declined to talk about the recent friction on the isthmus.

The officers of the ship witnessed the display attending the eruption of Mount Santa Maria, which caused a great loss of life and destruction of coffee plantations in Guatemala. From the ship great masses of smoke and pillars of fire could be seen shooting from the volcano and rivers of lava poured down its steep sides. The ship's decks were covered with volcanic ashes to such a depth that it covered the sea. The officers said that buckets were lowered overboard and brought up full of lava. Details of the disaster on land could not be secured from the Ranger's men as no boats were sent ashore. The vessel was a distance of about twenty-seven miles from the volcano.

Sargent's Easy Spring Locks

One of the most experienced architects in this country who has used Sargent's Easy Spring Locks in his own house said: "The Easy Spring Lock made by your firm is simply perfection. The door will close as gently as a whisper, without any resistance whatever from the lock." Architects everywhere are specifying these locks and home-builders are insisting upon their use. They give satisfaction and will last as long as the building stands.

Sargent and Co. make a full line of builders' hardware, and every article with their name on it is as sure of being perfect as a piece of silver marked "sterling" being genuine.

We are sole Oakland agents for these goods and would be pleased to figure with you if you are thinking of building. Write or call for our booklet, which gives full description and illustrations of all kinds of artistic hardware.

RACE PREJUDICE MANIFESTATIONS.

Chicago has just experienced the oddest strike that has yet made its appearance. Over two hundred pupils of the Andrew Jackson Grammar School went on strike because a colored teacher was sent to take charge of a class that had previously been taught by a white teacher. The white scholars rebelled in a body and stoned the principal and the school, breaking the windows and doing other damage. Even the presence of the police did not stay the hands of the young rioters. All of which shows that race prejudice is not a matter of latitude.

Two other examples of race prejudice in the North have recently been furnished. Miss Portia Washington, daughter of Booker T. Washington, the famous colored educator, has left Wellesley College under circumstances which indicate that the step was taken, because her life there was made too disagreeable to be borne. Other reasons for her withdrawal are given, but they are not credited. The real reason was that the great majority of the young white ladies combined to snub and ostracize Miss Washington on account of her color.

Last year something of a stir was caused by a young colored woman from Texas, matriculating at Northwestern University, Chicago. She encountered ostracism, but stuck it out. This term she was unable to get a room in any of the university dormitories, and it is plain that this is due to a desire to get rid of her. Her presence is distasteful to the great body of white students and the trustees are inclined to take a material view of the situation.

The point about these manifestations is that race prejudice is a factor that compels consideration. It is so strong that if any considerable number of colored students were to enter one of the fashionable female colleges the institution would immediately suffer a great loss of prestige and attendance. In other words, the race question presents an issue which the college authorities must decide. For every colored student that is gained a half dozen or more white students are lost. This forces the authorities to make a choice and from the standpoint of expediency there is only one side to the question. Very few fashionable institutions of higher learning are content to make the sacrifices that welcoming colored students involve. They are in the position of the hotel keeper, who, whatever his individual views may be, is not willing to lose fifty white guests for the sake of accommodating one colored guest. It is not business. This condition will exist so long as the whites of his country maintain their present attitude toward the colored race socially.

THE ARMY CANTEN.

Army officers continue to complain that since the abolition of the canteen desertions and drunkenness have enormously increased. They say the morale of the service has been lowered, and that desirable enlistments are harder to obtain. These statements, often embodied in official reports, coming so often from field officers have induced Secretary Root to favor the re-establishment of the canteen. He will place his views on the subject in vigorous form in his forthcoming report. Doubtless he will meet the same obstinate opposition from the clergy and the extreme temperance people that has always been presented against the canteen. They take no heed of expediency, but object resolutely to any temporizing with the devil let the consequences be what they may.

It is useless to point out to them that the abolition of the canteen has injured the cause of temperance as well as discipline. They contend it is wrong to drink liquor, to sell it, or to authorize its sale, and that's an end of the matter so far as they are concerned. This is the temper of extremists everywhere. Such people are generally controlled by righteous motives, but manage to be so unaccommodated that they can never see but one side to a proposition. They either compromise or concessions, and had rather have the whole army poisoned and demoralized with bad liquor than to admit that the government should sanction its sale to soldiers.

True Republicans will feel very little regret over the defeat of Eugene N. Foss for Congress in the Eleventh Massachusetts District. Foss bolted his party's platform and principles, and ran on a platform of his own which was as like Grover Cleveland's tariff views as one black-eyed pea is like another. Foss demanded that wool, hides, coal and iron be placed on the free list. He also wanted reciprocity with Cuba. That he would have been a disturber

and a marplot in the Republican ranks is certain. Being nominally a member of the majority party, his capacity for mischief would have been infinitely greater than that of any Democrat. That was evidently the view the voters of his district took, for they voted to keep him at home although they gave the Republican State ticket a substantial majority. We want no free traders masquerading in Congress as Republicans. White blackbirds are not more rare or more inconspicuous.

IMPEDIMENTS TO NAVIGATION.

When Congressman Burton, Chairman of the Rivers and Harbors Committee of the House, visited Oakland, the first thing he said when he saw the bridges, "Those things will have to come out before long, you can't have a harbor blockaded by drawbridges."

This remark of Mr. Burton's is given point by the speedy prospect of the basin being dredged out and the deep water channel being extended past Fallon street. Since Mr. Burton was here a large shipbuilding plant and several manufacturing concerns have been located above the bridges. Ground has just been broken for a large steel and wire plant in East Oakland, projected to do a heavy shipping business with the Pacific Islands and the Orient. The enormous increase of business that will follow extension of the channel and deepening of the basin will inevitably cause difficulties at the drawbridges. There will be a constant interruption of traffic across the bridges and on the other hand the delays incident to working the draws will greatly impede the movements of shipping.

Yet some method of maintaining direct communication with Alameda must be devised. A tunnel is the only solution of the difficulty. At the time the present bridges were erected, a tunnel was suggested, and even advocated with some vigor, but the necessity for one seemed so far distant that the idea was dismissed as being too advanced. But it can be plainly seen now that the greater wisdom and foresight lay with the tunnel advocates. Not only the business of the harbor, but the city has grown much faster than was anticipated. The completion of the Tidal Canal has opened up a new avenue for shipping that increases the work of the draws.

In a few years the mud flats on the Alameda side of the harbor basin will be filled in and covered with factories and warehouses having easement to wharves on the water front. The northern shore must soon be sought on the other side. Besides, the advent of deep water in the upper harbor will bring a greater demand for increased wharf facilities. When that time comes the drawbridges will be found to be an intolerable impediment to navigation and industrial development, as well as a source of constant and annoying delays in maintaining communication between Oakland and Alameda.

POINTED PARAGRAPHS.

Any man who lives up to his epitaph is a dead one.

Sometimes the woman that's rattled gets in the best work.

A golden mirror makes a homely girl's face a thing of beauty.

In the higher social circles only men with an income come in.

When a man has pluck his friends are apt to drop the "p" and call it luck.

It isn't much credit to a man to be good if his income exceeds his wants.

Women, like poker players, raise the blind to see what their neighbors have got.

After a woman has been a widow six months her neighbors begin to look for weeds on the late lamented's grave.

"The eyes are the windows of the soul" and sometimes they look like stained-glass windows after the scrap is over.

A woman's idea of a dutiful husband is one who will stay at home and look after the baby while she spends the afternoon shopping.

CLEVER LITTLE STORIES.

Good humor is the dominant note of the German emperor's intercourse with the diplomatic corps in Berlin. He had occasion recently, when staying for a few days in the capital, to see an ambassador on pressing business. On the way back from his early morning ride he rang the embassy bell and asked if his excellency were at home. "His excellency," replied the fussy, almost dumfounded at the sight of the imperial visitor, "is in bed." "Good," was the emperor's answer. "I will see him there." Mounting the stairs two at a time, the emperor entered the sleeping apartments of the ambassador, whom he found peacefully slumbering, with one arm hanging over the bed. This arm the emperor seized and heartily shook. The diplomatist opened his eyes and on seeing the emperor bending over him concluded that he was being punished. He was, however, quickly convinced of his error and half an hour later was observed in no more impressive garments than his sleeping suit and dressing gown escorting the laughing monarch down the stairs.

A student at Oberlin college one day asked the president "if he could not advantageously take a shorter course than that prescribed in the curriculum." "Oh, yes," was the reply, "that depends on what you want to make of yourself. When God wants to make an oak He takes a hundred years, but when He wants to make a squash He takes but six months."

Sydney Smith once wittily remarked: "The British army ought never to leave England except in case of actual invasion."

SPRING SONG.

A bird sang sweet and strong
In the top of the highest tree.
He said, "I pour out my heart in song
For the summer that soon shall be."
But deep in the shady wood,
Another bird sang, "I pour
My heart out in the same strain
For the springs that return no more."
—George William Curtis.

We Announce

The arrival of our HOLIDAY SLIPPERS for men and women. Prices from 85c to \$2.50. Make your selections early while the sizes and widths are complete.

We have placed on sale a line of Black Satin L. and V. heel strap Sandals at 95c.

All sizes and widths—they are worth \$2.50 but we wish to close them out and we have cut the price to 95c. To make a more complete line of bargains we have put in a fine white Kid Slipper, up-to-date, with strap, bow and ornament at 65c.

Also a broken line of black kid slippers at same price.

Having closed out all of our branch stores we are devoting our entire attention to the one store at 1059-61, Washington St. Having conducted "Clearance Sales" for the past two years we are pleased to state that our stock is strictly up-to-date with the most popular lines of Shoes for Men, Women and Children at the ruling prices of the \$2.50, \$3.00 and \$3.50 stores.

Trading with you has this advantage that the three grades may be had in one store in as great a variety as any one of the grades can be found in the specialty store and if you wish the \$5.00 grades we have them too, in the most popular makes.

CHILDREN'S SHOES

We are by far the largest dealers in Children's Shoes in Alameda County, and have an immense line to show at prices varying from the Infant's Shoe at 25c to the Misses' Shoe at \$1.50 to \$2.50. Our Shoes, in sizes from 8 1/2 to 11, at \$1.25 and sizes 11 1/2 to 2, at \$1.50, are the best shoes on this coast.

BOYS AND GIRLS ON A STRIKE.

DENVER, Colorado, Nov. 14.—A special to the Post from Boulder, Colorado, says:

Five hundred students of the University of Colorado, are on a strike. They have revolted over lessons during the quarter-centennial celebration. The students held class meetings and voted unanimously not to attend classes during the celebration. Girls that attended were threatened with ostracism and boys were told that they would be ducked in the lake. At classes yesterday only two or three girls reported and no boys. This morning not a boy or a girl reported. There is some talk of President Baker considering the revolt next week and taking drastic measures with the leaders as an example of discipline. However, as all the students are involved, it is generally believed that he will take no action.

JOHN MITCHELL'S PLEA

(Continued From Page 1)

America is recognized and contracted with, it assumes the responsibility of disciplining its members. The trade agreement they offer is effective in restraining workmen from engaging in local or general strikes. There have been no strikes of any magnitude in any of the coal mining States in which trade agreements exist.

Ready-to-Wear Garments within the Reach of Any Purse

To sell ready-to-wear garments of the best material, carefully made, properly fashioned and on correct lines; to sell such garments, we say, at prices so moderate as to be within the reach of any purse, is a Taft & Penroyer aim. We tell today of its accomplishment.

We ordered from several New York tailors garments made which meet these requirements. In addition, we purchased, at a liberal discount, the samples of three Eastern houses. These two facts mean a saving of at least one-fourth to you; they mean you have the best garment at the price of a mediocre one.

Rainy-Day Skirts

You need one today. You can afford one today. It is of brown or gray all-wool cheviot, has five gore circular flounce, welt seams and heavy stitching. It would sell readily for \$5.00. The special price is

\$4.00

Coats

Our special coat is a double-breasted box, stylishly fashioned of rough cheviot in Oxford, brown, blue, black or tan; it has a velvet collar, wide turn back cuffs and five rows of stitching at edges and seams. It is a regular \$10.00 garment, but the price is

\$7.50

Suits

We have a natty little suit in black, blue and Oxford cheviot. The silk lined blouse has a stitched belt and flare sleeves. The skirt shows welt seams and stitched bottom. Here is a \$20.00 value for

\$15.00

If you prefer a Norfolk, we have a well built one in blue and black cheviot. The jacket is satin lined, has patch pockets and turn back sleeves. The skirt is pleated from the waist down. You will pronounce it well worth \$25.00. Price

\$17.50

Then here's a very swaggar suit of blue or black cheviot, which has a double breasted blouse. The blouse shows a velvet belt, silk lining, turn back sleeves, slot seams and is self corded. The skirt is also self corded and with slot seams. It is a \$27.50 suit for

\$20.00

A PHOTOGRAPH. It dropped from a bureau recess. A photograph—carte de visite. I had thought I would clear out the mess. And make the thing tidy and neat.

A pensive and beautiful face. A crown of luxuriant hair. A person of exquisite grace. That fashion could hardly impair.

Her eyes into mine seem to gaze. Reproachfully asking if I remember the sweet bygone days. My answer is only a sigh.

Ah, yes! I remember quite well. Sweet girl, all the vows that I swore. As we walked in the meadow or dell. And you gave me the rose that you wore.

I think that you gave me a rose. I took your white hand, I am sure. And took something else, I suppose. But now I can feel the old glow. But—I wish I could think of your name.

Our trust by the old locust tree— Or was it in town that we met? It really seems awful of me. But somehow I almost forget.

I loved you, at least—that I know— With a pure and unquestioned flame. Ever now I can feel the old glow. But—I wish I could think of your name.

NEW DEAL FOR CABBAGE.

CREMATORY WILL BE ERECTED AT A LARGE EXPENSE.

So far as the Ordinance and Judiciary Committee of the City Council is concerned the garbage matter is a settled problem. The committee met last night and recommended the adoption by the

Council of the so-called Boyer ordinance, which was framed by Judge Emil Nusbaum for the Dixon Incinerator Company.

By the ordinance the city enters into a contract with the Dixon people by which the latter will have the entire charge of the collection and disposal of all the city's garbage. They will have the collection of money from householders for this service, and all income which may accrue will belong to the company. The Dixon people agree on their part to erect a garbage crematory at a cost of \$125,000 each year for twenty years, and at that time to turn over to the city free of cost the entire crematory plant, in first class working condition with all its appurtenances.

The committee was not permitted to make its recommendation without having to listen to much in the way of opposition.

Ex-Postmaster W. H. Friend was on hand with a kick and a counter proposition. Despite the opinion of City Attorney Johnson that the Dixon proposition was legal, Mr. Friend declared that it was not and that the Council could not justly

only give it consideration. In its stead he urged his own ordinance and added it a promise to sell it to the city at the end of the same twenty years. He added further that under his ordinance a franchise could be granted and bids for it asked for.

"The fools are not all dead yet," said he, "and you may find some one who will pay you \$100 for four privileges."

"A franchise cannot be granted in a matter of this sort," retorted Judge Nusbaum. "There is no State law or constitutional provision for such a thing. This is purely a municipal affair. We propose simply to save the city money for twenty years and then make it a present of the crematory and plant."

John P. Irish, who was neither on one side nor the other, but simply anti-garbage, spoke at this point and offered a strenuous kick on behalf of the west end.

"It appears on behalf of the people that are being dumped on," said he, "that the property on our street has long been vacated and cannot be re-erected because of this nuisance. In my own home we have had to burn fossil sticks and punks to overcome the stench. If you do not do something to stop it, we will have to resort to shot-gun law and stop it ourselves. The Board of Health has been guilty of a sanitary infamy."

"You are proposing a bond issue, and we will not do that," said Mr. Friend. "Let me tell you we will not vote to give you a bauble unless you soon remedy our ills."

Councilman Wikson moved the recommendation of the Boyer ordinance. There was no dissenting vote.

MOSSBACHER WINS ROUTINE WORK OF THE DAMAGE CASE THE COUNCIL.

M. C. Chapman Secures a Verdict for a Non-Suit.

Washington Street Merchant Was Justified in Taking Action.

Attorney M. C. Chapman won a splendid victory in the Superior Court yesterday when he succeeded in securing a non-suit in the case of Helen E. Schomberg against G. J. Mossbacher, the well known Washington Street merchant, to recover \$5,000 damages for alleged false imprisonment. The case was on trial before a jury.

The plaintiff bought some goods and refused to pay for them and was arrested for larceny. She claimed that she had a right to exchange certain goods she bought for others.

A motion for a non-suit was made after the plaintiff's case had been put in. It was argued by Mr. Chapman that from the testimony of the plaintiff it appeared that she had obtained the goods by artifice, device and fraud, which constituted the elements of larceny, and that Mossbacher had probable cause for having Miss Schomberg arrested. No evidence to the contrary had been introduced. It was argued, Miss Schomberg's attorney contended that it was demonstrated by the verdict of the jury in acquitting his client that there had not been cause for her arrest. He further contended that Miss Schomberg had obtained the goods openly and was willing to pay for them with the \$5,000 which Mossbacher's possession and additional money she tendered him, but which he refused.

Judge Ogden held that the goods had been obtained through artifice and fraud, and that Miss Schomberg had not obtained title to the goods because she did not pay for them upon delivery, as they were ordered. In view of these circumstances, the court held that there was probable cause for Miss Schomberg's arrest and she had no right to recover damages.

AN OLD SPANIARD HAS LEPROSY.

HE HAS BEEN MINGLING WITH THE PEOPLE OF LIVERMORE.

LIVERMORE, Nov. 14.—Francisco Nunez, commonly known by the nickname of "Pideco," an old Spaniard who has been employed for many years by Hiram Bailey, was a few days ago the subject of an investigation by Dr. W. S. Taylor. "Pideco's" face and body were covered by peculiar sores, and Dr. Taylor after a careful microscopic examination pronounced the disease a well defined case of leprosy. The unfortunate man has been suffering from the disease for over five years, and as a consequence his face is badly disfigured and drawn out of shape. Nunez was taken to the city hospital at Baywards last week, and will be confined in a hut in the infirmary. This is the first case of the kind ever discovered in Livermore, and it caused considerable excitement among the town people, with whom Nunez has been associating up to the time of the discovery of the disease.

A WEDDING.

W. Ray Phillips, son of Mrs. O. M. Phillips, and formerly of this place, was united in matrimony to Miss Mary Reginald of Merced, at the latter place, on November 5. Mrs. Phillips went up to attend the wedding, but when the ceremony turned last Thursday. The newly married couple went through town on their way to San Francisco, where they will spend their honeymoon. Mr. and Mrs. Phillips will make their home in Merced, where Mr. Phillips is superintendent for the Crocker-Huffman Company.

HE HAS RHEUMATISM.

William Davis, who has been suffering from rheumatism for several years, was removed to the County Infirmary. Mr. Davis is unable to care for himself and requested that he be sent to the hospital, where he will be properly cared for.

REPAIRING FRETLES.

The railroad company has a gang of workmen at work in this vicinity repairing the fretles and staying heavy rails. There has been so much gravel hauling over this road lately that the repairs become necessary.

GRANTED A DIVORCE.

Charlotte A. Bigelow of this place was on last Sunday granted a divorce from Oliver Bigelow on the ground of intemperance. The Bigelows have resided here for several years, where they have been running a health resort in the mountains.

PURCHASED OLD STORE.

C. H. Christensen has purchased the old store building at Altamont, and as soon as the necessary improvements can be made will open a general merchandise store. Mr. Christensen will also run a saloon in connection with the store.

PERSONAL NOTES.

Mrs. Sarah Callaghan has returned from a several days' visit with friends in San Francisco.

August Hagemann was in Stockton several days this week on a business trip.

Mrs. Fred Healy's family after a two months' visit with relatives in Wisconsin.

C. Keene, formerly of this place but now of Eadsburg, was a visitor in town several days this week.

Mrs. Gertrude Jordan, formerly of this place but now of Berkeley, is in town this week as the guest of Dr. S. S. Savage.

Dr. Baldwin of Oakland and Chas. Back and W. H. Wright of this place are spending the week at Camp Buckeye.

ROYAL NEIGHBORS OF AMERICA ENTERTAIN.

Pacific Camp, No. 2281, Royal Neighbors of America, gave a pleasant entertainment and dance last evening at Maccabee Temple, and it was largely attended. After the entertainment dancing was indulged in till midnight.

Among those who took part were: Mrs. Eaton, pianist, and Miss Logan, fancy dancer. Both women acquitted themselves in a highly acceptable manner, and altogether the evening's program was a thorough success.

No business save the consideration of the renewal of a bunch of liquor licenses was done by the License Committee. J. Jacobs, who had applied for a license for a saloon at 817 Oak St., was denied notice of withdrawal because of a numerous signed protest against granting his license.

BOYS WANT FRANCHISE.

The new messenger service, organized by a number of disaffected messenger boys, had a representative on hand to urge a franchise for the stringing of wires for its service in the down-town districts. He declared that it was not the intention to use any of the city poles. The application was referred to the City Attorney.

STREET AFFAIRS.

No business of large importance was transacted by the Street Committee. An application for the laying of a cement sidewalk on the east side of Perry street was laid over for one week.

A resolution by Councilman Wallace to repair Glen avenue from Fourteenth avenue to Nineteenth avenue was laid over.

A protest against the improvement of Nineteenth avenue between East Twenty-second street and East Twenty-ninth street was overruled.

Eleven days' notice will be served on property owners of the east side of Broadway between Twentieth and Twenty-second streets that a cement sidewalk shall be constructed.

Electric lights will be recommended at the corner of Fifth and Chestnut streets, Fifth and Market streets and Second and Grove streets.

The ordinance creating the office of Deputy License Inspector at a salary of \$100 per month was laid over for two weeks.

TRANSIT GETS FRANCHISE.

At the meeting of the Street Railway Committee it was decided to recommend that the request of the Transit Company for a right of way along Fourteenth avenue from East Second street to East Clinton street be granted. The company already has a track over the route, but the city owns the right of way and the company made its application with a view to obliterating this defect. The city is very particular that the ground that he had ceded a portion of the right of way to the city, but had not been able to do so.

PAY FOR PILING.

On motion of Councilman Fitzgerald it was decided to recommend that the city pay the Southern Pacific the cost of the temporary piling and structure necessary under the railroad right of way.

An application of a number of certain owners to change the name of a certain portion of Fairmount avenue back to its old name, Yosemite street, was denied.

AMUSEMENTS.

Two of the most popular song writers of the day are Ben M. Jerome and Harry Von Tilzer. Most of the best songs that are heard in musical comedies have emanated from them and to them was entrusted the task of composing the music for the new musical play, "Alphonse and Gaston."

Alphonse and Gaston have become almost national characters, inasmuch as the apologetic attitudes which they have assumed in print have been adopted in facetious play among people generally. A representation upon the stage of that which the public has been so long familiar with, should create an additional interest and a desire to see emulated in farce, surrounded as it is by every action, mood and deed of the original happy personages which the great cartoonist, P. Opper, has sought to harvest with his best humor.

"Alphonse and Gaston" is a refined musical comedy, and it is by no means a high-class company of comedians, assisted by a chorus of thirty, all of them handsome girls, chosen as much for their good voices as for their beauty. This play must not be confounded with farce comedy. It is free of all that coarseness and vulgarity which have made many plays of that kind distasteful to refined audiences.

It will be found that "Alphonse and Gaston" has all the humor, fun, delightful music, rich costuming and staging which have made the fame of the Rogers brothers and Weber & Fields and this assertion is made advisedly without cant or exaggeration. "Alphonse and Gaston" will be produced at the Macdonough Theater again this evening.

"HEARTS OF OAK."

Some people seem to think that the life of a child upon the stage is a hard one. Those who have the opportunity of going behind the scenes and watching the little ones who appear in James A. Herne's domestic plays, "Alphonse and Gaston" and "The Little Girl," will find that the life is not so hard as they are treated with the greatest kindness by all who come in contact with them and as they are accompanied by their mothers it is not so hard as they get the very best

NARROW ESCAPE OF WOMAN.

STEEPED IN FRONT OF MOVING STREET CAR NEAR ELM-HURST.

ELMHURST, November 14.—A strange woman carrying two baskets on her arms narrowly missed being crushed beneath a Hayward street car yesterday. She was standing near the school house at Elmhurst between the car track and the sidewalk. A car was approaching her from Oakland, while another car was heading from the opposite direction. When the car from Hayward had arrived within about fifty feet of where the woman stood, the car from Oakland was about an equal distance from her on the other side. As this junction the woman started across the tracks in order that she might flag the car going towards Oakland. Fortunately the motorman of that car had anticipated such a move on the woman's part and had slowed down. However, the car had nearly reached the woman by the time she had crossed the first track. Motorman Rose applied the reverse brakes and the woman's dress brushed the front of the car as she cleared the track. Had it not been for the prompt action of Rose, the woman would undoubtedly have been struck by the car. She had made no sign to the motorman of either car and it was naturally supposed she was waiting for the car from Oakland, she being inside one track. Had she hesitated after starting and stepped back she would have been caught by the Oakland car. The woman, who witnessed the affair, was high in her praise of the quick stop made by Motorman Rose.

FIGHTING TO GET CONTROL

SOUTHERN PACIFIC STOCK IS THE CAUSE OF A LIVELY CONTEST.

CLEVELAND, (O.), November 14.—Yesterday afternoon the Vanderbilts and the Harriman interests routed the Moores, Leeds, Frick and Gates practically from control of the Chicago and Northwestern Railroad.

Now the latter retaliates by trying to force Harriman out of the possession

of the Southern Pacific Railroad, being fortified in their effort by the knowledge that the Union Pacific, a strictly Harriman property, owns no more than one-third of the Southern Pacific, which, however, it is permitted to control. The remaining two-thirds interest in the railroad is owned by the market and the rush and daring of Gates and the Moores have given them a straight lead to the very heart and center of that property.

The Vanderbilts and Harrimans already have seen the coup and have started beating down the stock that they may obtain as much of it from the public as low prices as possible.

The clearing up of the Western situation presently will be one of the interesting developments of recent years. When the Union Pacific accepted a traffic alliance with the St. Paul, the road was, as it were, taken into the family of the Union Pacific. Now that the Moores have been ousted from the Northwestern—if, indeed, they have been—there will be a dual outlet for the Union Pacific to Chicago, both over friendly connections. The report now is that if the Moores have been

completely ousted the St. Paul and the Northwestern will be merged.

WANT MORE MONEY.

TOPEKA, (Kan.), November 14.—The Santa Fe switchmen between Chicago and Albuquerque are formulating a demand on the road for an increase in wages. A grievance committee representing the switchmen is expected in Topeka within two weeks and the advance, if any is granted, will date from January 1st. The grievance committee of the Santa Fe engineers and firemen are in session, and will soon have a new wage scale ready to submit to the company.

OMAHA SWITCHMEN.

OMAHA, November 14.—Representatives of the switchmen of the Union Pacific Railroad system gathered in this city today, preparatory to laying before the officials of that road a demand for an increase of 12 per cent in wages, bringing the scale up to that recently adopted in Chicago.

Representatives of the Order of Railway Trainmen are presenting the demand on behalf of the switchmen, there being one member each from Grand Island, North Platte, Cheyenne, Denver, Kansas City and Omaha.

They will meet President Burt tomorrow.

MANY BOOKS AT THE TRACK

RELANCE FIGHTERS ARE IN CONDITION TO ENTER THE RING.

It looks as if there will be seventeen books in line at Ingleside on Saturday, exclusive of the field books. Barney Schreiber is expected to put on three books and George Rose is down for two. Other books will be operated by Joe Harlan, Joe Rose, W. Jackman, Paul Ridgely, James Davis, "Doc" Bailey, John Coleman, Fred Pesch, Hugh Jones, Max Frank, "Silver Dollar" Reilly, F. Maley, John Humphreys and Caesar Young. All these men have booked in California in previous years with the exception of Rainey and Frank.

T. Murphy, who rode here five years ago for Ed Corrigan, has finished and Kitchen in training at Ingleside.

R. A. Smith and W. L. Oliver are daily expected from New York. Smith is bringing back Articulate, but he has Greyfield, Colonel Rosevelt and Ed Brown in training out here. Oliver has six or eight horses new to this coast.

Jockey Tommy Burns arrived from New York last night. Like Bullman, he is under the ban at present, but he has experienced success here in the past. Burns has extensive timber interests in the northern part of the State.

It is said that the opening handicap are due this morning.

It is said that Tim Murphy is coming here to try the looking game.

RELANCE WILL PLAY FOOTBALL

ATHLETIC CLUB TEAM TO CONTEST WITH THE PERRIS SCHOOL.

The Reliance football team will go south today to play the Perris Indian school at Riverside. The Indians are said to have a good team this year. When the University of California eleven went south last Christmas the Perris school gave a good defense and were beaten only by the narrow score of 10 to 15. Reliance has some good football men and expects to give the Indians a hard fight. Besides the regular team Captain Wilson will take five or six substitutes with him.

Dave Atkinson has been elected Reliance captain for next season. Atkinson is the greatest football player the League of the Coast has ever produced. He was the pillar of the company team when repeatedly won the annual championship. He has played on the team of the Olympic and Reliance, first as guard, but latterly he has held the position of fullback. Since his arrival at the Reliance school has grown and developed physically and is now one of the most formidable athletes club football men.

RAIN STOPS THE BALL GAME

OAKLAND AND THE PONIES PLAY BUT ONE INNING ACROSS THE BAY.

In the last half of the first inning of the baseball game between Oakland and San Francisco across the bay yesterday afternoon, Umpire McDonald stopped the proceedings on account of rain and the slippery condition of the grounds.

According to the rules it is necessary for the umpire to wait thirty minutes before calling the game off, but the clouds looked so threatening that a continual downpour seemed inevitable and both captains agreed to call the rules off and stop play. No sooner, however, did the players leave the grounds than the sun came out and the rest of the afternoon was comparatively pleasant.

Dick Williams was in the box for San Francisco and had considerable difficulty in handling the muddy ball. After putting a couple behind Walters, who was at the bat, he then hit him in the ribs and Walters took first. The next man up fouled to Leary and then Duncavy popped a fly to Williams. A slippery bouncer came from the bat of McCree, however, when the ball was caught by one from Hurlbut.

When the Ponies came to the bat Shay made a single and the umpire interfered with no score having been made. Jones and Ed Householder have affixed their signatures to Brooklyn contracts and are expected to be in the city from Agent Dan Long to bind the bargain. Both of the men are said to be drawing \$2,500 a month and a half season. Jones had previously agreed to stay

EVEN MONEY ON THE RELIANCE FIGHT

BILLY GARDINER AND TOBY IRWIN ARE READY TO ENTER THE RING.

The betting on the Billy Gardiner-Toby Irwin fight at the Reliance Club is even money. There is plenty of Gardiner money, but the many friends of the California boy are backing their man to win and the prospects are that they will enter the ring at even money.

In the pool rooms in San Francisco yesterday there was considerable money placed, though none of the larger wagers have been placed as yet. Jim Griffin says he and some of his friends will have a pool made up in a day or two, and then the money will commence to go up.

The announcement that Ernie would meet the winner if successful in his bout with Britt has added much to the interest in the battle next Tuesday. People who have never seen the Lowell boy are now anxious to see what he is made of, so that in the event of his getting on with Ernie they will have a line upon him.

The opinion that Quinn will win from George seems to prevail in certain quarters across the bay. People who have seen George box do not share this belief, however, and the result is there is as much interest in that go as though it were the main event. It will doubtless prove an exceptionally good contest.

YOUNG LADIES JOIN THE CLERK'S UNION

AFTER THREE YEARS STONE'S MEN TAKE OUT CARDS IN THE UNION.

With the timidity characteristic of their sex, the young ladies who have joined the Clerk's Union have balked at being initiated one at a time. In every other regard they have complied with all the requirements of the union. In order to lend confidence to the young ladies to withstand the initiatory ordeal, their clerks have arranged to have a crowd of candidates initiated together on the night of November 24th.

After three years of effort the local unions affiliated with the Building Trades' Council and the Federated Trades have succeeded in inducing the contracting firm of E. B. & A. L. Stone to unionize its material teamsters. It is expected that the other employees of the firm will soon affiliate with the unions of their various crafts.

Laundry Workers' Union, Alameda Local No. 55, will give an entertainment in Foresters' Hall on December 6th for the benefit of one of its members who was recently injured in an accident at the Yosemite Laundry. First-class talent and music have been engaged for the occasion.

NEWARK ADRIFT IN THE BAY

The ferry boat Newark broke down on the bay last night and was rapidly drifting down on the transport Summer when the freight boat Thoroughfare put a line on her and towed her out of harms way.

The Newark left San Francisco on the 10:45 trip. When off Yerba Buena Island a mistral slide snapped and instantly the big boat was drifting helplessly. Her distress signals, however, attracted the Thoroughfare which towed her toward the Alameda mole. Just off the mole the Alameda mole, but another one was soon put in place and at 1 o'clock the one hundred passengers were landed. The passengers behaved well and there was no panic.

NERVOUS DYSPESPIA.

A CURE FOR ALL.

Not a Patent Cure-all, nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and they look for a return from it.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have been successfully refuting any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it and that is, that it is a digestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than that and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it, that the facts will not fully sustain it.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. It is a great success in curing stomach troubles. It is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, rest refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.
